

# In-depth Services

At In-depth, we serve NOCs and IOCs as well as other companies in the Oil & Gas industry by offering them consultancy technical services, admin and logistics support .

## Optimization:

We propose experienced engineers/consultants to analyse the data, design BHA, select appropriate drill-bits and optimize drilling & coring parameters; in order to enhance performance and improve operational efficiency.

## Warehousing:

We offer adequate yard space to accommodate equipment, consolidate and dispatch tools to operational sites.

Sfax Base

## Logistics Support:

We provide office space, admin services, local representation and support onshore.

Tunis Office

# In-depth Services

## Core Values:

The In-depth's Core Values are the basis for establishing a common culture for the Company. Our Core Values are:

Integrity, Teamwork, Open Communication, Learning & Creativity and Quality & Safety.

We take our responsibility seriously to provide best solutions and safely deliver successful projects.

## Benefits:

- ▲ Experienced management with more than 25 years in the Oil & Gas business, involved in Operations, Technical Sales and Business Development. Based on our integrity and expertise we will help our customers meeting their technical and commercial objectives safely,
- ▲ International experience serving IOCs and NOCs, coordinating onshore and deep-water operations. Which means we are offering the know-how about the operations' disciplines and that we will have a positive impact on performance,
- ▲ Our main office is located in Tunis-Tunisia and used as the main hub for the North Africa area. Local regulations are easier, flexible, and higher mobility for people and equipment to support neighborhood countries while being cost-effective,
- ▲ Our warehouse is located in a certified machine shop at Sfax the industrial city of Tunisia, which means the tools can be redressed and maintained at our Sfax base in less time and at minimum cost,
